The Silly MoMo Magic Show

\$135 for a 40 minute show

Ready to give your child a magically fun birthday party that your guests will be talking about for a long time?

Ready for a magician who will make your child a star on his or her special day?

Ready for a magic show that will entertain the parents as well as the kids?

If so, then you are ready for the MoMo Magic Show!

I love doing shows for children's birthday parties. I do a silly, funny and totally interactive show designed to interact with my audience. Magic happens right before your child's eyes and even in their hands, for a magical experience they will never forget.

Everyone at the show helps the magic to happen. Everyone laughs, everyone participates, everyone says the silly magic words and everyone at the show gets a special treat to take home with them. This means all your guests feel great about the experience, and that means you have thrown a party to remember.

Your child will laugh and say the magic words along with everyone else, but YOUR CHILD IS THE STAR of the show! Your child will also be invited on stage for a magical experience and everyone gets a magical treat that they helped create themselves!

The MoMo Magic Show is an interactive show designed to delight the kids and give the parents some time to relax, because our show is designed to entertain both the children and their parents. It also provides the parents with a great opportunity for photos of the kids during the show, laughing and participating with their friends and family, while having fun, being silly, using their imagination and honoring the birthday child.

Your child will be thrilled to be a magician for a day, and if requested, will receive a personalized Jr. Magicians certificate for helping out MoMo on their special day. The guest of honor will also receive a special gift as part of the performance and the children will also get a treat that they make themselves.

Airbrushed and Temporary Tattoos

\$125 Per Hour or add on to another Package for \$75 Per Hour

Love the look of tattoos, but hate the permanent factor?

Try a temporary tattoo. From Basic Black to Vibrant Colors, we can ink you with your favorite design, character or logo. Best of all, you can let them fade away naturally or remove them at any time with rubbing alcohol or baby oil. All of our airbrushed tattoos are waterproof and designed to stay on the skin for 7-10 days. We also offer hybrid inks which can be sprayed on the face as well as the body and are water resistant, yet soap and water washable (ideal for hot summer days or water parks, pool parties, etc.)

Choose from one of our many template designs or get a freehand, custom painted original.

We can also customize tattoo choices based on your party theme. Just tell us what your theme is and we will match it with our hundreds of tattoo choices. We are continually updating our tattoo options to offer one of the largest selections in the Chicago area.

NEW!

MoMo the Clown/Chicago Face & Body Art is proud to offer custom airbrushed tattoo sleeves!

Each design is custom made to order! Go all tat black or add a splash of color!

Start with a design base (skulls, roses, koi fish, etc.) and we will design a custom airbrushed tattoo sleeve based on your design choice. Designs can be done on arms, legs, shoulders, necks, or anywhere from the chin down! Tattoos can be applied in around 10 minutes per guest and are available in hybrid (waterproof, yet soap and water washable), water based (not waterproof, easily removed with soap and water), or ink (lasts up to 7 days, removable with rubbing alcohol or baby oil).
